Deposit Account No. 09-0447

On April 26, 1999, a charge for missing parts for \$130 was posted to my account -- Control #10, for 09/213,846 (Docket No. AT9-98-341) in error.

The declaration was submitted with the patent application at time of filing, therefore, not incurring the missing parts fee.

Attached is a copy of the statement with this charge. Please investigate this charge and if it was made in error, please credit my account for the amount.

Thank you for your help in this matter.
